# BITCOIN

<https://blockchain.info>

- Bitcoin is a form of digital currency, created and held electronically. No one controls it. Bitcoins aren't printed, like dollars or euros – they're produced by people, and increasingly businesses, running computers all around the world, using software that solves mathematical problems.
- Freedom in Payment - Send and get money anywhere in the world 24 hours a day
- You are in control of your money with Bitcoin.
- There is no central authority figure in the Bitcoin network.
- Information is Transparent
- Very Low Fees
